Intended Format of Presentation: oral (only PowerPoint® supported)

Note: there will be **no poster session** at this meeting.

This title/abstract has has not been submitted at a previous TAS Annual or Collegiate Meeting

Format for title/abstract submission: See the section for "Formats for Title and Abstract".

Title, Author(s), and Affiliation(s):

**TENNESSEE ACADEMY OF SCIENCE
Format for Abstract Submissions**

Instructions for Titles and Abstracts:

1. The title and abstract should be typed 10-point Times New Roman
2. Type the title in sentence case (NOT in ALL CAPS as in previous years).
3. Following the title, type in **bold italics** the first name, middle initial (if desired), and last name of each author. Do not include academic degrees.
4. Indicate student author(s) with an asterisk following the name(s).
5. The authors' names should be followed in italics by the official name(s) of the academic institution, city, and state (no abbreviations).
6. The abstract text should begin immediately after the address. The right margin should not be justified.
7. The abstract should state concisely the **purpose, objectives, results, and conclusions**.
8. The abstract should be written as a single paragraph not to exceed **150 words**.
9. Do not include literature citations or diagrams.
10. Scientific names should be indicated by italic type.

Single author, single institution:

Incidence of *Salmonella* in turtles at the Dunbar Cave State Natural Area, Clarksville, Tennessee. ***Don C. Dailey, Austin Peay State University, Clarksville, Tennessee.*** The body of the abstract text would be inserted here without justifying the right margin.

Multiple authors, single institution:

Home range and habitat utilization of white-tailed deer in western Tennessee. ***John R. Ouellette*, Devlin S. Fung, and Michael L. Kennedy, The University of Memphis, Memphis, Tennessee.*** The body of the abstract text would be inserted here without justifying the right margin.

Two authors, two institutions:

Mesophase structure of columnar liquid crystals. ***M. Sarkar* and N. Spielberg, Tennessee State University, Nashville, Tennessee, and Kent State University, Kent, Ohio.*** The body of the abstract text would be inserted here without justifying the right margin.

Multiple authors, multiple institutions:

The effects of unilateral versus bilateral carotid body denervation on respiration. ***Jeanne Beals*, David O'Drobinak, Paul Martino, and Hubert Forster, Austin Peay State University, Clarksville, Tennessee (JB, DO), and Medical College of Wisconsin, Milwaukee, Wisconsin (PM, HF).*** The body of the abstract text would be inserted here without justifying the right margin.
