

INDEX TO VOLUME XXV, 1950

Page	Page		
Acanthocephala parasites of chickens	242	Economics of hydroelectric power	117
Acidity of Tenn. waters.....	14	Equality, Permissible definitions of	114
Alimentary tract of <i>Littorina irrorata</i>	187	Ferns of Tennessee, 96, 275, 288	288
Alkalinity of Tenn. waters.....	14	Ferns of the <i>Woodsia</i> group.....	141
Allen, John C., article.....	199	Fish catch with reference to soil productivity	157
<i>Ambystoma</i> (salamander)	252	Fish conservation	65
American Assoc. Adv. Science: Rep. of Representative of Tenn. Acad. of Science.....	86	Fish tagging studies.....	126
Anatomy of alimentary tract of <i>Littorina irrorata</i>	187	Friauf, James J., article.....	105
Ants (<i>Stenamma</i>)	297	Frog: Red blood cell size.....	237
Baker, C. L., articles, 1, 86		<i>Fumaria hydrometrica</i> spore germination influenced by deuterium oxide	180
Banks, J. H., article.....	232	Function, Rational powers of....	293
Bass: Large-mouth at Reelfoot Lake, 66; Warmouth, 67		Ganier, A. F., article.....	245
Beatty, A. V., article.....	218	Germination influenced by deuterium oxide	171
Biological Station: Rep. of Dir..	1	<i>Gerris canaliculatus</i> , Life history of	76
Bladderfern: Berry, 98; Brittle, 97; Tennessee, 106		Gillespie, D. S., article	84
Blood (Red) cell size in male frog	237	Goldsmith, R. M., article.....	76
Blue-gills at Reelfoot Lake.....	65	Goslin, R. M., articles, 303, 309	
<i>Boreus brumalis</i> in Tennessee... ..	309	Hayscentedfern	288
Bottum, Frances R., article.....	307	Howell, Thelma, article.....	237
Bryden, Robert A., article.....	82	Hydras of central Tennessee.....	82
Buffalo (fish)	68	Hydroelectric power	117
Burger, W. L., article.....	252	Insects: Mecoptera, 309; robber flies, 303; <i>Stenamma</i> ant, 297	
Carp	68	Journal, Tenn. Acad. Science....	248
Chance, Charles J., article.....	157	<i>Kinosternum s. subrubrum</i> parasites	96
Chemical examination of Tenn. waters	4	Kinslow, Ray, article	117
Chemistry: Resolution of optically active inorganic stereoisomers by adsorption on quartz..	143	Lee, Herbert L., article.....	293
Chicken acanthocephala	242	<i>Littorina irrorata</i> anatomy	187
CO ₂ in Tennessee waters.....	14	Major, James L., article.....	298
Cole, A. C., articles, 84, 169, 297		Manges, Daniel E., article.....	126
Conservation of fish.....	65	Mathematics: Critical thinking in freshman, 232; The derivative of rational powers of a function 293; Permissible definitions of equality, 114	
Constitution: Tenn. Acad. Sci....	271	Mayfield, George R., article, 148; biography, 245	
Copper basin pine planting tests..	199	Mecoptera from Tennessee	84
Crappie, Black and white.....	66	Meyers, S. L., articles, 171, 195; biography, 93	
Crumley, Helen A., article.....	171	Nicholls, J. C., Jr., article.....	310
<i>Cystopteris bulbifera</i>	98	O ₂ dissolved in Tenn. waters....	14
<i>Cystopteris fragilis</i> v. <i>protrusa</i> ...	95	Penn, George H., article.....	76
<i>Cystopteris tennesseensis</i> sp. nov.	106	Pine planting, copper basin.....	199
<i>Demstaedtia punctilobula</i>	288	Powers, Edwin B., biography ...	169
<i>Desmognathus ocoee</i> associates..	310	Powers (Rational) of a function	293
Deuterium oxide influence on germination	171		
Drum (fish)	68		

	Page		Page
Proceedings, Association South-eastern Biologists	218	<i>Stenamma</i> (ant)	297
Proceedings, Tenn. Acad. Sci....	258	Stream survey	4
<i>Rana catesbeiana</i> red blood cell size	237	Steanis, John H., article	56
Reelfoot Lake: Conservation of fish, 65; Rep. of Biological Sta., 1; Waterfowl habitat improvement, 56; The problem child of Tennessee, 148		Stereoisomers, Resolution by adsorption on quartz.....	143
Robber flies	303	Sunfish, Red eared.....	66
Rusk, W. Rogers, article.....	258	Talent searches	298
Rusk, W. Rogers, biography....	94	Talbott, C. K., article.....	143
Salamander (<i>Ambystoma</i>)	252	Temperatures of Tenn. waters..	14
Salamanders associated with <i>Desmognathus ocoee</i>	310	Tennessee Academy of Science: Constitution, 271; Journal, 248; Proceedings, 258; Report of editor, 140; Report of representative to AAAS, 86; Report of treasurer, 105; Talent search, 298	
Schoffman, R. J., article.....	65	Tennessee ferns, 275, 288	
Schweitzer, G. K., article.....	143	Tennessee Junior Academy of Sci.	307
Science, News of Tenn., 3, 116, 186, 247		Tennessee Valley Authority: fish tagging	126
Seed germination influenced by deuterium oxide	171	Thinking in freshmen mathematics	232
Shanks, E. Baylis, article.....	114	Turbidity of Tenn. waters.....	14
Shaver, Jesse M., articles: 96, 106, 140, 141, 248, 275, 288		<i>Ustilago nigra</i> spore germination influenced by deuterium oxide.	176
Shoup, C. S., article, 4; News Tenn. Sci., 3, 116, 186, 247		Ward, Helen L., article.....	242
Smith, Arlo I., biography.....	95	Waterfowl habitat improvement.	56
Soil productivity and fish catch..	157	Water: Chem. analysis of Tenn..	4
Southeastern Biologists: Proceedings, 218; Research prize, 195		Waterstrider, Life history.....	76
Spore germination influenced by deuterium oxide	176	Webb, H. A., article.....	298
		Werner, Henry J., article.....	187
		<i>Woodsia obtusa</i>	141, 275
		<i>Woodsia scopulina</i> variant.....	281
