JANUARY, 1953
Entered as second class matter February 12, 1926, at the post office at Nashville, Tennessee, under Act of August 24, 1912, acceptance of mailing at special rate of postage provided for in Section 1105, Act of October 3, 1917, and authorized September 16, 1931.

Published quarterly, in January, April, July, and October, by the Tennessee Academy of Science at Nashville, Tennessee.

The Journal is sent to all members not in arrears for dues. The subscription price is $2.00 a year, invariably in advance. Single copies 50c.

All articles and communications for publication, books and publications for review should be addressed to the Editor.

New subscriptions, changes of address, and applications for membership should be addressed to the Secretary. Personal items, news of events in the scientific world, and other notes suitable for our "News of Tennessee Science" department should be addressed to the News Editor.

THE TENNESSEE ACADEMY OF SCIENCE
(FOUNDED 1912, AT NASHVILLE, TENNESSEE)

Affiliated with the American Association for the Advancement of Science

AFFILIATED SOCIETIES

Tennessee Ornithological Society, Nashville, Tennessee.

Barnard Astronomical Club, Nashville.

OFFICERS

A. J. SHARP, President, University of Tennessee, Knoxville.
MYRON S. MCCAY, Vice-President, University of Chattanooga, Chattanooga.
JESSE M. SHAVER, Editor, George Peabody College for Teachers, Nashville.
ISABEL H. TIPTON, Secretary, University of Tennessee, Knoxville.
JAMES W. WHITE, Treasurer, University of Tennessee, Knoxville.

The Tennessee Academy of Science is very anxious to include in its membership all teachers and professors of science, research workers in science both in educational institutions and industrial establishments, and all others who are interested in some phase of science. We invite you to join our organization and take part in our activities. The annual dues are: $3.00 for members and $10.00 for sustaining members. They may be sent direct with your application for membership to the secretary.
LONGEST LIFE EXPECTANCY

of any laboratory microscope ever made

BAUSCH & LOMB

Dynoptic

LABORATORY MICROSCOPES

Frictionless Dynoptic design reduces wear . . . gives you unequalled focusing ease . . . adds many years to the life of your Bausch & Lomb Laboratory Microscope. Entire fine focusing system floats on ball bearings and rollers . . . never binding, never drifting out of focus.

To this, and the many other long-life mechanical features, is added the world’s finest optical system, resulting in the world’s finest laboratory microscope.

Write for FREE DEMONSTRATION and LITERATURE. See for yourself how Bausch & Lomb Dynoptic Microscopes outperform any laboratory microscope ever made. Bausch & Lomb Optical Co., 65713 St. Paul St., Rochester 2, N. Y.
When you use the cat in your Zoology classes, you can depend on WARD'S Embalmed Cats for

**Skillful Preparation**

**Convenient Packaging**

**Delivery When Desired**

_The Standard of Preserved Dissection Material_

Thoroughly embalmed, blood vessels singly, doubly or triply latex-injected or plain, each specimen is shipped in an individual waterproof plastic storage bag.

---

**A SCIENCE CURRICULUM**

Especially arranged for preparing teachers of science. The prospective teacher may get as much as three years in one science (Biology or Chemistry), two years in a second science, and one year in the third science, with the courses in Psychology and Education required for a teaching certificate, including practice teaching in science. Graduate work through the master's degree given in biology and chemistry in order to prepare teachers for the larger high schools or for teaching positions in small colleges.

Write for catalogue mentioning the field of your interest to

CAROLINA CULTURES
A Dependable Culture Service

Class of:
L1 Giant Amoeba proteus (standard for study) $2.00 $3.50 $4.75 $6.00
L2 Paramaecium multilinucleatum $1.50 2.50 3.25 4.00
L220 Planaria maculata or drosophila (maculata, light colored species is generally preferred) $2.00 3.50 4.75 6.00

SAME PRICE AS AMOEBA:
P. caudatum Stentor Peranema Spirostomum Eucolora Actinospaerium
P. aurelia Vorticella Volvox Chlamydomonas Pandorina Mixed Protozoa
Desmidis
SAME PRICE AS PARAMECIUM:
Euglena Chilomonas Euplotes Coppepods Spirogyra Elodea
Arcella Centropyx Daphnia Diatoms Nitella Rottlers
Vinegar Eels Oscillartia

To expedite handling at transfer points in transit all living cultures are shipped Special Delivery same day received, or according to customer's shipping schedule.
The above prices include container. Postage and Special Delivery are charged to the customer.

For Drosophila cultures, Tenebrio or "Meal-worms," Aquarium Sets or Assortments, living Frogs, Turtles, Rats, Mice, etc., see our Catalogue number 18.
Cultures of Bacteria and Fungi are also available.
We have a complete line of Preserved Specimens, Microscope Slides, Kodachromes, Dissecting Instruments, etc. Our publications—CAROLINA TIPS and Catalogue number 18—will be sent free upon application.
