

## NOVEMBER MEETING OF THE TENNESSEE ACADEMY OF SCIENCE

The eighty-eighth meeting of the Tennessee Academy of Science will be held at Lambuth College in Jackson on Friday and Saturday, November 17-18, 1978. We hope that you have made plans both to attend and to present a paper at one of the section meetings.

In order for abstracts of presentations at the November meeting to be included in the April 1979 issue of the *Journal of the Tennessee Academy of Science*, it is necessary that the title and an abstract (not more than 150 words) be sent to the appropriate section chairperson (names and addresses are given below). The abstracts must be submitted prior to presentation at the meeting.

The General Session speakers on Friday morning and the banquet speaker will be persons of national stature. The theme of the presentation will be "Environmental Toxicity."
