JUNIOR ACADEMY OF SCIENCE
RECOGNITION PROGRAM FOR 1985

The 43rd Annual Tennessee Junior Academy of Science Recognition Program has been announced for 1985. This Program provides statewide opportunities for students, grades 9-12, to complete an experimental or investigative science project and prepare a written paper describing the project, its findings, and subsequent conclusions. The paper must be endorsed by a local science or mathematics teacher before being submitted to the Director of the Tennessee Junior Academy of Science. The director will submit the papers to a panel of judges, who will recommend 15 to 20 papers to be presented at the state meeting of the Tennessee Junior Academy of Science at West End Middle School in Nashville, April 19, 1985. Science students selected to give presentations, along with their sponsoring teachers, will be invited to attend the April 19th meeting. In selecting individuals for participation and entry, and in all administration of the project, the Tennessee Junior Academy of Science does not discriminate on the grounds of race, color, creed, or national origin of any applicant.

All papers must be received by March 4, 1985, and must be accompanied by an official cover sheet. To obtain cover sheets and detailed information concerning entry, please inquire: Tennessee Junior Academy of Science, P.O. Box 23020A, East Tennessee State University, Johnson City, Tennessee 37614.
TENNESSEE ACADEMY OF SCIENCE COLLEGIATE DIVISION REGIONAL MEETINGS

CALL FOR STUDENT PAPERS

EVENT: ANNUAL SPRING REGIONAL MEETINGS
